

At Clarborough, we have many minds but one **Mission:** *Be the best you can be.*

Our core values of health, well-being, family and a love of learning permeate through our **Golden Rule:** *we look after ourselves, others, our school and our planet.*

Health and well-being:

Healthy minds, healthy bodies, healthy choices.

Family:

Valuing, respecting and supporting each other.

Love of learning: *engaging, challenging, working hard, taking risks and celebrating success.*
