

### Operation Christmas Child

A huge "thank you" to everyone who donated to our shoebox appeal this year. We managed to fill 35 boxes which were delivered to The Well this week ready to be collected to support the Operation Christmas Child project.

### Class 5 – Geography

This week during their Geography lessons, Class 5 have been using ordnance survey maps to plan a route that they will then walk. Their geography topic is 'Marvellous Maps'.

## Children in Need

Another big thank you to everyone that contributed to Children in Need. The children looked great in their spotty outfits and we raised a fantastic total of £148.00.

## Class 4 trip

On Thursday Year 4 went to the National Railway Museum in York. We learnt about lots of different types of trains like the Mallard, a replica of Rocket and the Flying Scotsman, as well as lots more. We went to the works which is the engine shed. It was really exciting and saw workers in action fixing real life trains. We watched a mini movie and then went downstairs to see all of the creations and parts for the train.

Afterwards we went to see a 'Need for Speed' workshop. It was amazing! We learnt about how fast trains like the Flying Scotsman went and even looked into the future to see what they are going to be building next. To top it all off we had a scrumptious picnic in the royal carriage area. We all had a great day out.
