

Art and Design and Technology Progression of Skills

		Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Art and Design	Painting 	<ul style="list-style-type: none"> ✚ Make marks on a variety of papers. ✚ Choose a particular colour and mix paint for a purpose. ✚ Paint something they have seen. 	<ul style="list-style-type: none"> ✚ Mix colours for a purpose. ✚ Describe how colours are made. ✚ Mix primary and secondary colours. ✚ Observe and recreate familiar shapes 	<ul style="list-style-type: none"> ✚ Record ideas in sketchbook and use them to create a painting. ✚ Make tints by adding white and tones by adding black. ✚ Use a brush to dab, smooth, wash, sponge, stipple and stroke. 	<ul style="list-style-type: none"> ✚ Predict with accuracy colours that they mix. ✚ Know where each of the primary and secondary colours sit on the colour wheel. ✚ Create a background using a wash. ✚ Use tints and shades. 	<ul style="list-style-type: none"> ✚ Select a brush size according to the task. ✚ Mix a range of colours. ✚ Observe and recreate objects through drawing/painting. 	<ul style="list-style-type: none"> ✚ Add layers of paint to add detail to background colours. ✚ Use colours to express moods/emotion. ✚ Show reflections, shadow and highlights. 	<ul style="list-style-type: none"> ✚ Use a wide range of techniques and explain why they have chosen them. ✚ Use observational skills to replicate images by well known artists.
	Drawing 	<ul style="list-style-type: none"> ✚ Combine line, shapes and patterns to create recognisable people, places or objects. ✚ Create drawings with some detail. 	<ul style="list-style-type: none"> ✚ Create lines using pencil and crayons. ✚ Use different levels of pressure to create strong/ soft lines. ✚ Use different grades of pencil to create lines, shape, texture and pattern. 	<ul style="list-style-type: none"> ✚ Create different tones using dark and light. ✚ Show texture and patterns in drawings. ✚ Use a range of media including charcoal to create different types of lines. 	<ul style="list-style-type: none"> ✚ Use different grades of pencil shades to show different textures. ✚ Control the depth of colour by applying different pressure. 	<ul style="list-style-type: none"> ✚ Use marks and lines to create texture. ✚ Organise line, tone, shape and colour to represent figures and forms in movement. 	<ul style="list-style-type: none"> ✚ Layer colours to create colour and tone. ✚ Begin to use simple perspective in their work using a single focal point and horizon. 	<ul style="list-style-type: none"> ✚ Use lines, colour, tone and shading to create scale and proportion. ✚ Use perspective in their work. ✚ Show reflections, shadows and highlights.
	Sculpture 	<ul style="list-style-type: none"> ✚ Create pictures and models by mixing materials/media. ✚ Mould and shape malleable materials in different ways. ✚ Explore ways of joining two materials. 	<ul style="list-style-type: none"> ✚ Create a simple model using junk modelling resources – pulling apart and reconstructing basic shapes. ✚ Choose media and material for a purpose and find different ways of attaching them. 	<ul style="list-style-type: none"> ✚ Join two pieces of clay together by pinching. ✚ Roll and cut their clay to create different thicknesses and shapes. ✚ Use tools to add simple lines and shapes to their clay sculptures. 	<ul style="list-style-type: none"> ✚ Plan and create with a clear purpose in mind – thinking about form and function. ✚ Add detail to their clay work using simple tools. 	<ul style="list-style-type: none"> ✚ Create a base for their sculpture using newspaper/foil. ✚ Begin to sculpt clay and other mouldable materials into planned shapes. ✚ Create a 3D sculpture that can be viewed in 360 degrees. 	<ul style="list-style-type: none"> ✚ Combine pinching, slabbing and coiling to produce pieces. ✚ Add more intricate surface patterns/textures using different tools. ✚ Create detailed plans/labelled diagrams for their 3D work using sketchbooks. 	<ul style="list-style-type: none"> ✚ Use imagination to create work combining a range of materials and techniques. ✚ Make clear and labelled plans for 3D work in sketchbooks.
	Collage/ Printing 	<ul style="list-style-type: none"> ✚ Choose tools and resources that they would like to use independently. ✚ Use simple stamps and sponges to create patterns. 	<ul style="list-style-type: none"> ✚ Manipulate simple materials using tools – cutting, tearing etc. ✚ Overlap materials and colours for a purpose. 	<ul style="list-style-type: none"> ✚ Observe and recreate patterns. ✚ Print onto paper and textiles choosing the colour and design. 	<ul style="list-style-type: none"> ✚ Use collage materials to recreate an object/image. ✚ Use mosaic techniques to create simple images and patterns. 	<ul style="list-style-type: none"> ✚ Use ceramic mosaic to recreate patterns. ✚ Use tools safely to cut, shape and attach materials. ✚ Print using at least 4 colours. ✚ Create an accurate print design. 	<ul style="list-style-type: none"> ✚ Use appropriate adhesives and techniques to join materials confidently and competently. 	<ul style="list-style-type: none"> ✚ Use imagination to create work combining a range of materials and techniques. ✚ Design prints for a purpose.

Art and Design and Technology Progression of Skills

<p style="text-align: center;">Textiles</p> 	<ul style="list-style-type: none"> ✚ Explore ways of joining two materials. ✚ Use fabrics such as felt to explore simple textile work – joining materials together for a purpose. 	<ul style="list-style-type: none"> ✚ Weave paper, progressing from one to two colours. ✚ Weave with fabric and thread. 	<ul style="list-style-type: none"> ✚ Join fabric using glue. ✚ Sew fabrics together. ✚ Use contrasting colours in stitching and weaving? 	<ul style="list-style-type: none"> ✚ Explore plaiting, stitching and pinning to manipulate materials. ✚ Use sewing to add detail to a piece of work. 	<ul style="list-style-type: none"> ✚ Join pieces of material using early sewing techniques. ✚ Embellish using a variety of techniques such as printing, painting, stitching and sewing. 	<ul style="list-style-type: none"> ✚ Use textile and sewing skills as part of a project e.g. hanging, textile book, etc. ✚ Name and use different types of stitch? (e.g. running stitch, cross stitch, backstitch, applique and/or embroidery) 	<ul style="list-style-type: none"> ✚ Use a range of joining methods e.g. gluing, stitching, weaving and tying. ✚ Experiment with soft sculpture – cutting, joining and embellishing fabrics using different sewing and stitching techniques.
<p style="text-align: center;">Digital Art (link to computing)</p> 	<ul style="list-style-type: none"> ✚ Draw simple pictures using a touchscreen/ laptop touchpad. ✚ Change the colour in a simple painting program. 	<ul style="list-style-type: none"> ✚ Take simple photos using a camera/ iPad. ✚ Use the zoom function on a camera. 	<ul style="list-style-type: none"> ✚ Use 'zoom' and 'crop' within a program to edit their photos and focus on specific areas. 	<ul style="list-style-type: none"> ✚ Edit a photo by changing the colour, size or brightness. ✚ Use the internet to research an artist or style of art. 	<ul style="list-style-type: none"> ✚ Use light and dark for emphasis when taking a photo. ✚ Create a piece of artwork that integrates digital images they have taken. 	<ul style="list-style-type: none"> ✚ Create digital images with animation, video and sound to communicate their ideas. ✚ Use the internet to research an artist or style of art. 	<ul style="list-style-type: none"> ✚ Create digital images with animation, video and sound to communicate their ideas. ✚ Use the internet to research an artist or style of art.
<p style="text-align: center;">Knowledge & Understanding</p> 	<ul style="list-style-type: none"> ✚ Use simple words to describe what they can see in the work of an artist/craft maker/designer. ✚ Say what they like or don't like about a piece of artwork. 	<ul style="list-style-type: none"> ✚ Speak about how a piece of artwork makes them feel. 	<ul style="list-style-type: none"> ✚ Talk about the colour, patterns, shapes and techniques used by artists. ✚ Create a piece of work in response to another artists work. 	<ul style="list-style-type: none"> ✚ Compare and describe artwork from different cultures and times. ✚ Speak about how to use the tools and techniques that they have used. ✚ Thinking about the mood and effect of a piece of artwork – how do they want their work to make others feel? 	<ul style="list-style-type: none"> ✚ Speak about the processes, techniques and styles of other artists. ✚ Identifying the purpose of a piece of artwork – thinking about the meaning and what it communicates. ✚ Discussing artwork from different periods in history. 	<ul style="list-style-type: none"> ✚ Thinking about scenes remembered, observed or imagined. How do these scenes make you feel? How can this be translated into your artwork? ✚ Using the work of other artists as stimuli. 	<ul style="list-style-type: none"> ✚ Use observational skills to replicate images by well-known artists and create work in their own style – explaining what this style is and comparing it to well-known artists. ✚ Convey a sense of self in their work.

Art and Design and Technology Progression of Skills

	<p style="text-align: center;">Sketchbooks</p> 	<ul style="list-style-type: none"> ✚ Create a piece of work to go on a shared display. ✚ Create a 'special' piece of work (to go into a shared book.) ✚ Draw pictures of things that they like. 	<ul style="list-style-type: none"> ✚ Use sketchbooks to explore colours and patterns they will use in their work. ✚ Use ideas from their sketchbook to create a piece of artwork. 	<ul style="list-style-type: none"> ✚ Begin to demonstrate their ideas in their sketchbooks. ✚ Set out their ideas, using 'annotation' in their sketchbooks? ✚ Keep notes in their sketchbooks about how they have changed their work. 	<ul style="list-style-type: none"> ✚ Use sketchbooks to express feelings about a subject and to describe likes and dislikes. ✚ Make notes in their sketchbooks about techniques used by artists. ✚ Keep notes about how they can/will improve their work. 	<ul style="list-style-type: none"> ✚ Use sketchbooks to adapt and improve their original ideas. ✚ Keep notes about the purpose of their work in their sketchbooks. 	<ul style="list-style-type: none"> ✚ Keep notes in their sketchbooks as to how they might develop their work further. ✚ Use sketchbooks to compare and discuss ideas with others. 	<ul style="list-style-type: none"> ✚ Compare their methods to those of others. ✚ Combine graphics and text based research of commercial design (e.g. magazines) to influence the layout of sketchbooks. ✚ Adapt and refine work to reflect its meaning and purpose – keeping annotations.
Design and Technology	<p style="text-align: center;">Design</p> 	<ul style="list-style-type: none"> ✚ Can I manipulate materials to achieve a planned effect? (EAD 40-60) ✚ Can I construct with a purpose in mind, using a variety of resources? (EAD 40-60) ✚ Can I use simple tools and techniques competently and appropriately? (EAD 40-60) ✚ Can I select appropriate resources and adapt work where necessary? (EAD 40-60) 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Am I beginning to explore how products have been created? ✚ Can I make simple diagrams to show my design? ✚ Can I develop design criteria with a group? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I explore how products have been created? ✚ Can I make diagrams to show my design? ✚ Can I develop my own design criteria? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I show that my design meets a range of requirements? ✚ Can I put together a plan which shows the equipment and tools I need? ✚ Can I describe a design using an accurately labelled diagram? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I design with purpose by identifying opportunities to design? ✚ Can I create cross-sectional diagrams to demonstrate my design? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I come up with a range of ideas after I have collected information? ✚ Can I produce a detailed step-by-step plan? ✚ Can I use cross sectional planning to show my design? ✚ Can I produce prototypes to show my ideas? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I design with the user in mind. ✚ Can I use prototypes, cross-sectional diagrams and computer aided designs to represent designs? ✚ Can I create innovative designs that improve upon existing products?
	<p style="text-align: center;">Make</p> 	<ul style="list-style-type: none"> ✚ Can I select appropriate resources and adapt work where necessary? (EAD 40-60) ✚ Can I select tools and techniques needed to shape, assemble and join materials I am using? (EAD 40-60) 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I cut safely using tools provided? ✚ Am I beginning to demonstrate a range of cutting and shaping techniques such as tearing, cutting and folding? ✚ Am I beginning to choose the right materials for making a product according to the properties needed? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I cut materials safely using tools provided? ✚ Can I measure and mark out to the nearest centimetre? ✚ Can I demonstrate a range of cutting and shaping techniques such as tearing, cutting, folding and curling? ✚ Can I choose the right materials for making a product? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I use a range of tools and equipment accurately? ✚ Can I measure, mark out, assemble and join materials and components with some accuracy? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I cut materials accurately and safely by selecting appropriate tools? ✚ Can I measure and mark out to the nearest millimetre? ✚ Can I join textiles with appropriate stitching? ✚ Can I make products by working efficiently (e.g. by carefully selecting materials)? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I cut materials more accurately? ✚ Can I measure and mark out accurately to the nearest millimetre? ✚ Can I join textiles efficiently using a simple stitch? ✚ Can I use a range of tools and equipment expertly? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I cut materials with precision and refine the finish with appropriate tools (such as sanding wood after cutting or a more precise scissor cut after roughly cutting out a shape)?

Art and Design and Technology Progression of Skills

<p>Evaluate</p> 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Am I beginning to suggest improvements to existing designs? ✚ Can I evaluate my design or product against given design criteria? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I suggest improvements to existing designs? ✚ Can I evaluate my design or product against my own design criteria? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Am I able to look at products and talk about how they work? ✚ Can I evaluate my own products? ✚ Can I suggest a change that could be made to improve a product? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I disassemble products to understand how they work? ✚ Can I improve upon existing designs, giving reasons for choices? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I test and evaluate my final product? ✚ Can I explain how my product will appeal to the audience? ✚ Can I think about the functionality of my work? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I make products through stages of prototypes, making continual refinements? ✚ Can I evaluate the design of products so as to suggest improvements to the user experience?
<p>Cooking and Nutrition</p> 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Am I beginning to talk about how to be healthy? ✚ Am I beginning to show understanding of a varied diet? ✚ Can I show some understanding about where different foods come from? ✚ Am I beginning to measure or weigh using measuring cups or electronic scales? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I talk about how to be healthy? ✚ Can I show understanding of a varied diet? ✚ Can I talk about where different foods come from? ✚ Can I measure or weigh using measuring cups or electronic scales? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I choose the right ingredients for a product? ✚ Can I say what to do to be hygienic and safe? ✚ Can I use equipment safely? ✚ Can I make sure that my product looks attractive? ✚ Can I describe how my combined ingredients come together? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Can I prepare ingredients hygienically using appropriate utensils? ✚ Can I measure ingredients to the nearest gram accurately? ✚ Can I follow a recipe? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Do I understand the importance of correct storage and handling of ingredients? ✚ Am I beginning to measure accurately and calculate ratios of ingredients to scale up or down from a recipe? ✚ Am I beginning to demonstrate a range of baking and cooking techniques? 	<p>As a design and technologist:</p> <ul style="list-style-type: none"> ✚ Do I understand the importance of correct storage and handling of ingredients (using knowledge of micro-organisms)? ✚ Can I measure accurately and calculate ratios of ingredients to scale up or down from a recipe? ✚ Can I demonstrate a range of baking and cooking techniques?
