

## End of School Year Newsletter

Dear Parents and Carers,

Welcome to this final bumper edition of the school newsletter!

It's a wonderful way to look back at all the fun, learning and experiences that the children have had over the summer term.

Our Year 6 pupils leave us today and I am so incredibly proud of them! They are such a fantastic group of caring, resilient and focused pupils and I am certain that they will continue to be amazing as they move onto their secondary schools. I want to wish them all the very best for the future!

This term sees Mrs Brown retiring from Clarborough Primary School after 28 years. She has been an integral part of our team and has supported countless children and staff to be the best they can be. We are so grateful for everything she has done for us and, I am sure you will agree, hope that she enjoys the next adventures she has to come!

We also say goodbye to Mrs Holland who has been part of the EYFS teaching team since January. We wish her every success as she moves on to work in another school and thank her for all of the fun learning experiences she has provided for our youngest children over the last two terms.

Please remember that our school uniform policy is available on our website. It would be very helpful for you to remind yourself of it before you purchase new uniform and equipment for your child next year.

You know that our catering systems are changing in September and you must register your child through the Ideal School Meals website. This is where you will be able to book meals. Please refer to the Parentmail and text that were sent this week for instructions for registering and logging in.

A reminder that our whole-school PE sessions will continue to be on a Thursday in September. Mr Benton from Next Level Sports will continue to support the children with their PE lessons and active learning next year.

Finally, I would like to thank you all for the support you have given your child and the school with their learning over the year. I hope that you have a safe and enjoyable time with your families over the summer and we look forward to welcoming the children back to school on Wednesday 3<sup>rd</sup> September 2025.

Thank you,

Mrs Cowell-Clark

## Contacting us:

Calls can be made to school Monday to Thursday from 8:30am – 4.30pm and Friday 8.30am - 4pm on **01777 708065**

Enquiries about admissions, school dinners and any other query should be directed to [office@clarborough.notts.sch.uk](mailto:office@clarborough.notts.sch.uk) (Please note the school office email will be checked occasionally throughout the summer)

Finance queries should be directed to: [finance@clarborough.notts.sch.uk](mailto:finance@clarborough.notts.sch.uk)

## Booking in Breakfast Club and Wraparound Club

Parentmail is open for you to book your child's Breakfast club and Wraparound places for the Autumn Term 1. Please note, these must be booked one week in advance to allow us to ensure correct staffing and meals etc.

**Please also note that Breakfast club starts from 7.45am and children will not be allowed into school before this time. Thank you.**

## Always Always with Mrs Cowell-Clark

On Friday, Mrs Cowell-Clark was joined by this half-term's 'Always, Always' pupils for a treat or two and a chat. Congratulations to

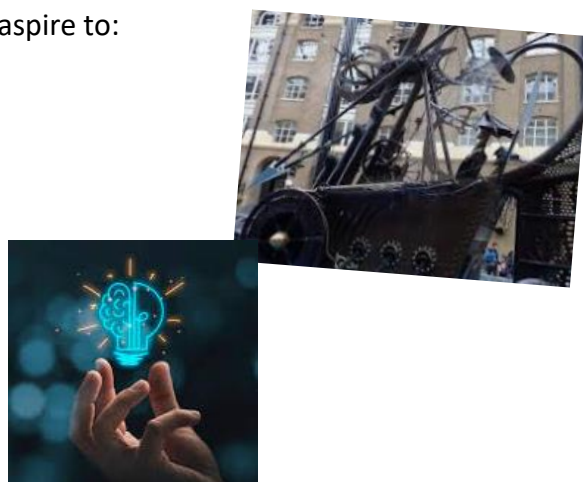

Y1: Walter  
Y2: Izzy  
Y3: Elliot  
Y4: Monty  
Y5: Ella  
Y6: William

## New Class Names

Next year's classes have been chosen to inspire us and for us to aspire to:

Nursery:	The Explorers
Reception:	The Adventurers
Year 1:	The Creators
Year 2:	The Pioneers
Year 3:	The Innovators
Year 4:	The Architects
Year 5:	The Navigators
Year 6:	The Visionaries

## Maths and English Awards

The following awards have been awarded to the below pupils for their progress and dedication over the year. Well done to you all!

Year 1 and 2 Maths Award: Ela K  
Year 3 and 4 Maths Award: Edward L  
Year 5 and 6 Maths Award: Ashton A

Year 1 and 2 English Award: Jenson W  
Year 3 and 4 English Award: Lorelai C  
Year 5 and 6 English Award: Holly B

### Merit and Courtesy Awards

Year 1 -      **Merit:**    Lennie - Rae  
                 **Courtesy:** Myles

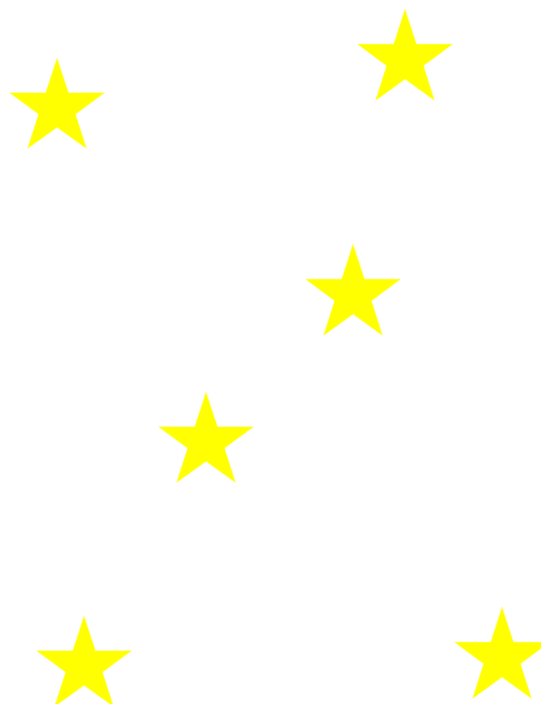

Year 2 -      **Merit:**    Maisie  
                 **Courtesy:** Izzy

Year 3 -      **Merit:**    Alfie G  
                 **Courtesy:** Robyn

Year 4 -      **Merit:**    Reggie  
                 **Courtesy:** Katie

Year 5 -      **Merit:**    Isabella  
                 **Courtesy:** Scarlett

Year 6 -      **Merit:**    Casey  
                 **Courtesy:** William

### Summer Reading Challenge

#### What is the Summer Reading Challenge?

Produced by The Reading Agency and in partnership with libraries across the country, the Summer Reading Challenge is a great way to keep children reading over the summer. Taking part can help avoid the potential dip in reading levels over the long summer break and provides free fun for 4 - 11 year olds.

This year's challenge is **Story Garden**, celebrating nature and the great outdoors and exploring adventure, fantasy and the magical world of storytelling.

The challenge runs in Inspire Nottinghamshire libraries from **5 July until 7 September**.

#### How does the Summer Reading Challenge work?

- Children sign up at their local library for FREE and receive a collector's sticker booklet

- Children borrow and read at least six library books of their choice during the summer - collecting stickers along the way
- Children who complete the Summer Reading Challenge receive a certificate and medal
- Library staff and volunteers are on hand to talk to children about the books they have read

Find out more about the Summer Reading Challenge and the activities we have planned on our website:

[Summer Reading Challenge 2025 in Inspire Libraries - school resources | Inspire - Culture, Learning, Libraries](#)

## Clarborough Football Team

Cup Match season and Cup Match Final Report – written by Henry, Sebastian and Austin in Year 6.

In our first cup match we played against Harworth. It was a tough start with Harworth securing the first goal. After 40 minutes, we drew 1-1 thanks to Zach's volley. With the draw it meant we went to penalties. 8 penalties later, Team Clarborough won 4-3 with Henry, Rowan and two from Zach. This meant we were through to the quarter finals!

Our next match was against Bracken Lane. James opened with an incredible goal from the halfway line. This was closely followed by a

near post finish from Luca before Zach's diving header put the ball in the net.

As we proceeded to the semi-finals we were up against our league rivals, St Joseph's. This was another tough win which saw us give everything we had but finished with a 2-1 win with goals from Ben and Zach

Tuesday 8<sup>th</sup> July was the Cup Final Match, our last in the cup campaign as well as our last in our Clarborough team football kits. Our title challengers were Worksop Priory CofE Primary school and the match was held at Worksop Town FC football ground. We had an amazing turn out of parents and fellow pupils to cheer us on! Zach was first to score in the opening minutes with a goal into the bottom corner. Not long after Worksop Priory equalised. Ben restored our lead to 2-1 after a furious scramble in the box. During the second half we gave everything we had, Zach took the ball past a defender and slotted it in past the keeper to seal our win. 3-1 to Team Clarborough.

We were then presented the Jack Tarr Cup which was very fitting as Jack Tarr used to be the head teacher of Clarborough Primary School

We are so proud of you all. Well done boys!

### **Man of the Match**

Ben (Round of 16)  
Henry (Quarter Finals)  
Austin (Semi Finals)  
Zach (Final)

### **Top Goal Scorers**

1. Zach – 6  
2. Ben – 3  
3. Luca & James – 1 each

### **Top Assist Makers**

1. Luca - 5  
2. Zach - 3  
3. Henry & Ben – 2 each

On the 18<sup>th</sup> July, the school had a real treat watching a special football match between Year 6 Team vs Years 3, 4 and 5 Team.

The Year 3, 4 and 5 Team had a strong start to the game with a 2-1 lead but the Year 6 team, which included the cup champions along with a few extra team mates, came back strong and won the match 6-2!

It was a great effort from everybody and it's clear to see we have some amazing talent for our future Team Clarborough football team, who can hopefully continue this year's victory!

## **Year 1 – 6 Sports Day**

We had another successful sports day again this year. It was so great to see so many of you attend and support the children, even in the heat! All the children who took part gave 100%! We are so proud of them all as it's not always easy when so many people are watching.

Our winning house team this year was Hawking. Attenborough came in second, followed by Pankhurst in third and Wilberforce in fourth. Congratulations everyone!

'Thank you' to Mr B and Mrs Deakin for organising the day and to Helping hands PTA for selling much needed refreshments.

A big Thank you to all the staff for their encouragement and support when the children needed it the most, especially Miss Johnson, you were an absolute star!

We would also like to say a huge 'Thank You' to Tasker Partnership for the donation of strawberries. They were delicious and much appreciated by the children.

## Music Assembly

Our very talented children got the chance to show case their music skills in assembly, at the end of this term.

We had children who have guitar lessons showcase what they had learnt, they performed songs as a group such as 'We Will Rock You', and 'Green Onions'. Our two Year 6 pupils, Rowan and Oliver, then performed a duet to 'Seven Nation Army', followed by a solo performance from Oliver of 'Livin' on a Prayer' Great job guys!

Our next assembly was presented by the children who have woodwind and recorder lessons. We had solo performances by Bess on the flute, followed by a solo from Isla O on clarinet who gave us a rendition of 'Haunted House'. The woodwind teacher then demonstrated the range of

the clarinet and the saxophone to the assembly. The assembly closed with a performance from Mrs Cowell-Clarke's recorder group who played 'Old MacDonald' and 'Three Blind Mice'.

It certainly got a few children interested in learning how to play an instrument. Great work everyone!

## Summer Fair 2025

What a fantastic day we had for our Clarborough Summer Fair 2025! Sunshine, stalls, and a fantastic community spirit made this year's Summer Fair one to remember. With a record number of stallholders and more than 150 visitors through the gates in just two hours, the event was a huge success for all involved.

The fair was organised by **Helping Hands PTA** and staff at the school. There was so much to do and see, from handmade crafts and personalised gifts to delicious food and family activities, there was something for everyone to enjoy. The fair not only showcased an incredible range of local small businesses but also brought families and neighbours together in celebration of community.

**We are absolutely thrilled to announce that together we raised an incredible £3,100!**

We would like to extend a huge, heartfelt 'thank you' to everyone who joined us. The atmosphere was incredible, and the support you've shown in raising funds for our school has been nothing short of amazing.

To our stall holders – thank you for bringing your time, energy, and brilliant products. We hope you had a great day with us!

To The Food Shack, the Ice Cream Van, and our Biryani stall – thank you for keeping everyone well-fed and happy throughout the day.

To the local businesses who kindly donated such fantastic raffle prizes – we're so grateful for your generosity.

To our incredible teachers and staff members – thank you for giving up your weekend to support the event. We see you and we appreciate you!

To our PTA team and your families – you are simply the best. Your hard work, creativity, and dedication that made the day even more amazing.

A very special mention and massive 'thank you' to Lynn and Craig. They both set themselves up in the stocks taking it in tuns to be soaked, which with the heat of the day was probably quite a nice relief!

You brought so much laughter and joy to all who walked past and managed to raise an amazing £190!

## Helping Hands PTA – Fundraising

Thank you so, so much to our PTA team. **Helping Hands PTA have secured an incredible £2,000 from The Morrisons Foundation.** This is part of their special 10<sup>th</sup> anniversary match funding and we are over the moon to have been selected.

We originally applied for £1,321 to match your funding efforts from the summer fayre raffle and they only went and doubled it!

A massive thank you to Sammy Rawlings from the Retford Morrisons store who helped make all this fundraising happen for our school, we couldn't be more thankful.

The money will go such a long way in helping us to do even more for the children.

**Foundation Enquiries** 9:25 am

to me ▾

Hi Sammy,

Re: Match Funding Application for Helping Hands PTA  
Reference: 44530601

Thank you for your recent application for Match Funding submitted on 12/07/2025 in support of Helping Hands PTA for £1,321.00.

We're pleased to let you know that your request was successful.

To celebrate 2025 being the Morrisons Foundation's 10th anniversary, all applications submitted between 1st June and 31st December will receive double match funding up to £2,000!

As such, we are very happy to advise that we will make a contribution of £2,000.00 to Helping Hands PTA.

Thank you to everyone who has supported our fundraising so far. This is certainly a real team effort from the parents, children and staff of the school and we certainly couldn't do it without you. From the bottom of our hearts.... Thank you!

## Tiny Tribes Forest School

This term, Mrs Holmes and Mrs Freeman set up Tiny Tribes Forest School. The Forest School sessions are stay and play and aimed at under 5s. These have been held on a Friday morning within our school grounds. Each session has a variety of child play activities and a craft. We also have tea and coffee for the adults and juice and biscuits for the children.

It has been really successful and we are hoping to see it return in September.

Tiny Tribes would like to say a huge thank you to Chloe and the Co-Operative for donating £250 towards Tiny Tribes. We are so excited to put this money towards some new equipment. We are very grateful for your generosity and kindness.

Thank you so much to everyone who has attended our sessions and we hope to see you next term for lots more fun!

## C-FEST!!

We had an amazing afternoon at our annual C-Fest. The sun was shining and the children and staff were in full party mode. A huge thank you to DJ Carl for providing the music and an even bigger thank you to Helping Hands PTA for funding the afternoon and Miss Green and Mrs Gulsever for their face painting skills, they were certainly kept busy!

## Clarborough's Got Talent

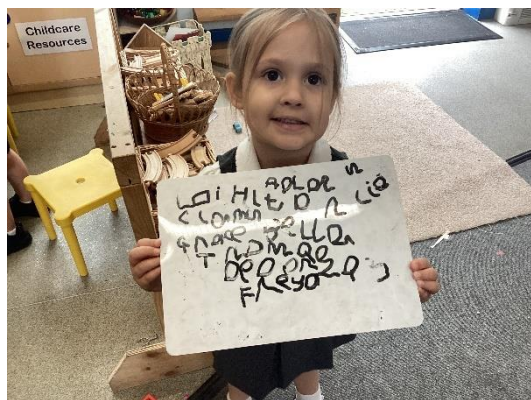

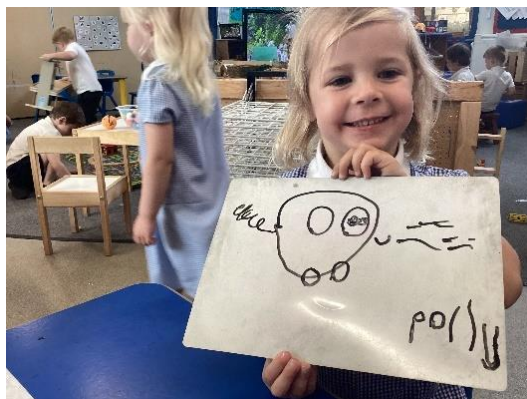

We had another bumper talent-filled afternoon for Clarborough's Got Talent. We saw some fabulous acts perform various routines such as singing, dancing, magic and gymnastics. We are so proud of all the finalists and of how much courage it took to perform in front of the whole school!

The first-place winner of Clarborough's Got Talent 2025 went to our very own 'smooth criminal' Mason. We were blown away with his dance routine to Michael Jackson! Absolutely amazing! Well done to all of you who performed and to all our winners.

## Nursery and 30hrs

This final term has flashed by! Our "Let's Move" topic, gave us an excuse for all kinds of exciting activities including boat making, a plane trip to China, setting up a space-themed writing area, as well, as finding time to have a lovely graduation ceremony to celebrate all that the children have achieved. We have also learnt how to keep hydrated in the hot weather (check the colour of your wee!) and how to handle wasps coming near us. The children have learnt that the wasps are simply checking to see if they are flowers and by standing very still the wasps usually fly off again. To see little ones being so calm and sensible is a real achievement we are proud of! Thanks as always to the Nursery parents for your support through this year. For those moving on we wish you and your little ones a very happy and successful onward learning journey through school, and for those staying with us, we can't wait to see you in September. Have a wonderful holiday everybody!

## Reception

What a busy half-term it has been in Canada class! We have been learning about ways that we can move on land, in the air, on water and in space, and how the forces of pushing and pulling make things move.

We began by looking at the different ways in which our bodies can move and why it's important to look after our bodies and be healthy.

Next, we learnt about vehicles that travel on land; how they are able to move on roads and rails, and how they are adapted to travel across mud, sand and snow. The children also designed and built bridges strong enough to hold lots of toy vehicles without collapsing, and we finished with a Jolly Journeys Day where the children could come to school on their bikes and scooters.

We found out that some vehicles, such as planes, gliders and hot air balloons, can travel through the air, and did an experiment with balloons to show how rockets move through space when the force of the hot gas pushes against the air.

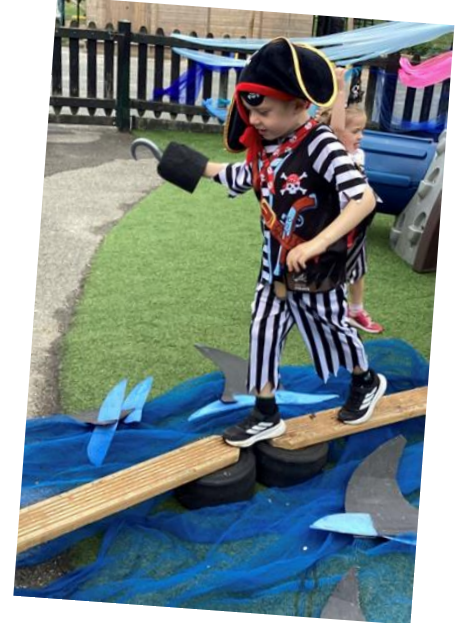

When we learnt about vehicles that travel on or under water the children experimented to see what materials float and sink and used what they had found out to make a boat that would float.

In Maths we learnt to share fairly, began to double and halve small amounts and identified odd and even numbers.

The children also took part in Sports Day and had great fun at C-Fest, before finishing the year with a Pirate Day.

I would like to thank the Reception children for a fantastic year; it's been wonderful to watch them grow in confidence and to see their brains becoming even more sparkly! They are a truly lovely group of children and I will miss them next year. Thank you, children!

## Year 1

In Maths, we started our learning this half term on 'time.' Their learning began by talking about the days of the week and months of the year. They also used mini clocks to help them to recognise the minute and hour hand. The children have been working extremely hard and were so excited to tell the time to the hour and half past.

We have also been looking at coins and notes. The children had a go at paying for items using real coins and notes and some children even had to count the coins to make the correct amount.

In English this half term, the children looked at different shape poems. They explored the rhyming and rhythm of a shape poem and even had a go at making their own shape poem that included a rhyming pair and adjectives.

We then moved onto a film unit called 'Dangle'. The children have been remembering their capital letters, finger spaces and full stops ready for Year 2. Everyone has worked so hard to produce their own independent write.

In Clarborough Curriculum, the children started their topic on Kings and Queens. They have loved learning about past and present monarchs including; Queen Victoria, Queen Elizabeth II and King Charles III. Well done to all the children for your creative homework on designing your own crown. They were all amazing!

In Science, the children have been identifying and naming the 5 animal groups, including fish, amphibians, reptiles, birds and mammals. They have learnt what it means if an animal is a carnivore, herbivore and omnivore.

In Art, the children have been learning about primary and secondary colours. They have explored the 3 primary colours, red, blue and yellow and used clay and paint to mix them to make secondary colours, purple, orange and green. The children enjoyed using Lego to print the paint onto their page.

In Computing, the children have been so excited to create their own comic book on a laptop. They worked together in pairs to insert a background, add characters and speech bubbles and some children even wanted to challenge themselves to add more panels onto their comic.

## Year 2

In Maths this half term the children have covered time, capacity, mass and statistics. The children have drawn and interpreted tables, tally charts, block diagrams and pictograms in Statistics. They have practised telling the time at 5-minute intervals and should know how many minutes are in one hour, seconds in a minute and hours in a day.

The children have learnt about whole turns, half turns and quarter turns in their learning on position and direction. They have also practised their right and left turns.

The children have learnt to read scales to measure mass and capacity. They have also answered questions about mass and capacity using addition, subtraction, multiplication and division.

Year 2 have written their own shape poems. They looked at lots of examples from the book 'Apes to Zebras.' We then chose to write about a sea otter. The children thought of some rhyming words to describe a sea otter and then wrote their poem using these. The finished poems were great!

We enjoyed learning about postcards and why people choose to send them. We then compared these to letters. Everyone wrote to the Helping Hands PTA to thank them for

the ice lollies and everything they do to support school – we were all very excited when we received individual letters back!

The children have been learning about Christopher Columbus and Captain James Cook as part of their history this term. They have learnt a little about their lives and why they were famous explorers. The children then located on a map some of the countries the two explorers visited. This led us nicely into some Geography work about Australia. We have been exploring the landscape, famous landmarks and human and physical features.

During Science, the children have identified that most living things live in habitats to which they are suited and have described how habitats provide for the basic needs of different kinds of animals and plants as well as how they depend on each other.

In Computing, we have been developing our touch-typing skills and will continue to work on this when we move to Year 3.

In Art, we have been making a moving monster! Children have looked how objects move using levers and pivots. They have explored making linkages using card for levers and split pins for pivots. Following on from this they have designed and made their own moving monster.

## Year 3

In Maths, the children were able to describe turns including clockwise and anti-clockwise. They could recognise a 90-degree angle as a right angle and compare, measure and draw a range of angles. We also learnt how to recognise 2D and 3D shapes as well as parallel and perpendicular lines. When learning about statistics, children learnt how to interpret and draw pictograms and bar charts. They enjoyed collecting their own data and presenting this in different ways as well as learning how to read and interpret 2-way tables.

In English, the children really enjoyed our learning about the poetry book 'Apes to Zebra' and created some fantastic poems based on the examples in the book. They began to understand the messages behind the shape poems and how the shape impacts the message to the reader. They created their own shape poems about snails and bees. We also based our writing around a short animation called 'Contre Temps' (Against Time) and the children learnt about different grammatical features including conjunctions, fronted adverbials and direct and indirect speech. They concluded this by writing the next chapter to the story.

Within our Clarborough Curriculum, it has been so interesting to compare where we live to Zambia. We began by looking at Zambia's human and physical features before locating the village of Mugaremeno. Children compared the River Zambezi to local rivers and couldn't believe they washed their clothes in the river and had to make fences to stop crocodiles getting them! Children learnt about the 'Big 5' and wrote their own fact files about these animals. Our successful bake sale allowed us to have an 'African Day', where we spent the day with Bemba learning a range of African dances, stories, songs and finished the day creating our own African Art.

In Art, the children learnt about 3D structures and manipulated a range of materials to create their own 3D structures. They also learnt how to use hot and cold colours when painting, to create different moods. In French they learnt how to order their own ice creams including which flavours they would like and how many scoops! We completed this by asking for a real ice cream. They also learnt how to name a range of 2D shapes in French. In PE, children learnt the skills needed to play tennis as well as rounders.

In Science, Year 3 focussed on scientific enquiry and conducted a range of experiments, learning how to write their own predictions, method, results and conclusion as well as posing their own scientific questions.

Thursday 12th June 2025

12.6.25

Box	Starting temperature (°C)	Temperature after 24 hours outside (°C)

6	20	30	+10
7	21	21	0
8	24	28	+4
9	25	20	-5
10			

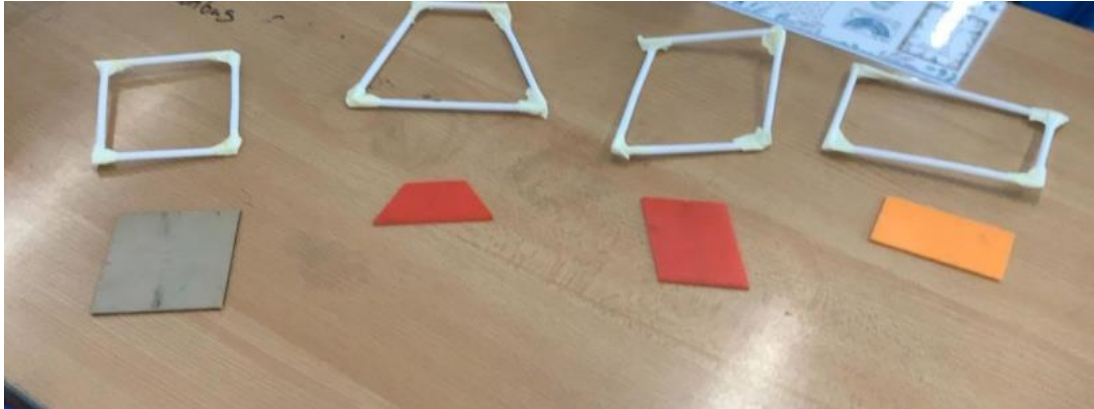

The Year 3 Bake Off was a huge success! We were inundated with cakes and sweet treat donations. We had so many cakes we ended up running the sale over 2 days!!

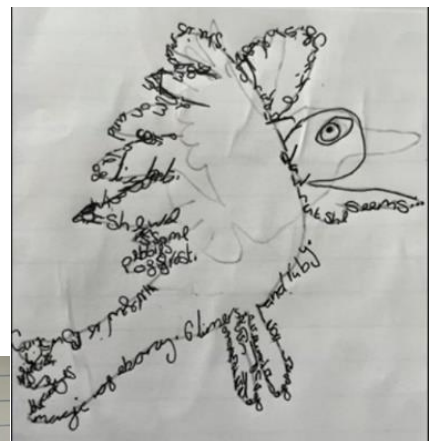

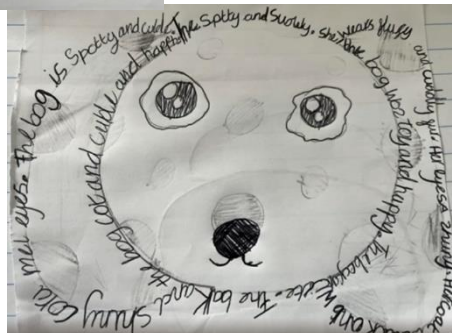

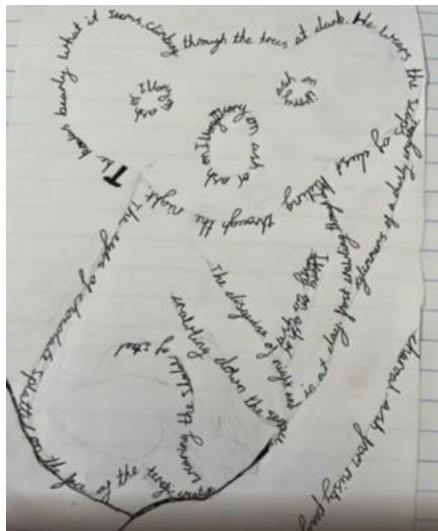

We managed to raise an amazing **£264.50!!** Thank you so much to everyone who donated.

## Year 4

This half-term in Maths, pupils have been learning about angles and shapes. They learned to identify angles as a measurement of turn before identifying different types of angles: acute, right-angle and obtuse. Pupils then learned about different types of 2D shapes: triangles, quadrilaterals and polygons. We managed to use our knowledge of etymology to support us to recognise that the prefix quad- means four (like a quad bike) and so a quadrilateral has four sides. Pupils enjoyed making different quadrilaterals, such as a rectangle, square, rhombus, trapezium and parallelogram using art straws. Finally, pupils learned how to identify symmetry in shapes and pictures.

In English this half term, pupils have been writing some amazing shape poems, inspired by the text, *From Apes to Zebras*. Pupils also watched a short animation called *Reverso* and wrote diary entries from the perspective of the main character, Barney.

Our Clarborough Curriculum focus this half-term continued the theme of Vikings, learning about how Vikings traded goods before moving on to exploring trade nowadays. Pupils learned the meaning of the words import and export, how goods are traded between countries before exploring Fair Trade.

In Science, Year 4 learned about living things and their habitats, learning how to: recognise that living things can be grouped in a variety of ways; explore and use classification keys to help group; identify and name a variety of living things in the local and wider environment.

In Art, they have been refining the skills that have been learned this year.

In Computing, they have enjoyed re-exploring previous learned units such as: eBook Creation, Data Handling, Minecraft and Interland.

In French, the pupils have been learning the names of familiar vegetables and how to ask for an amount of vegetables.

Miss Mayhew and Mrs Pressley would like to express how much we have enjoyed Year 4 this year. Your children are amazing and we feel fortunate to be taking them into Year 5. Have an amazing summer and see you in September.

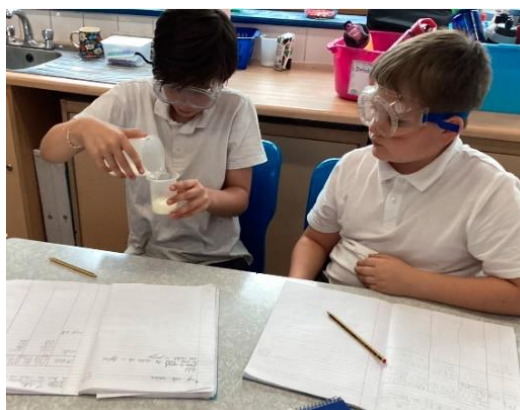

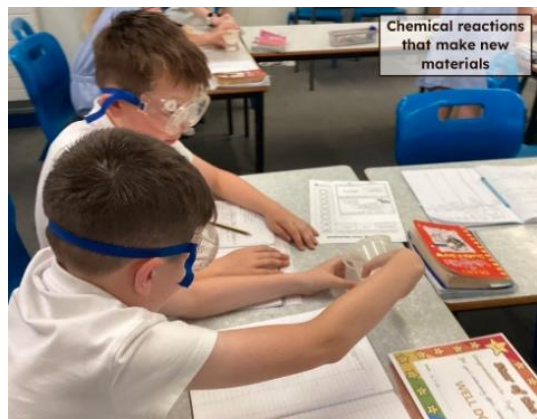

## Year 5

This term in Maths, we have continued to focus on the four operations. It has been great to see the children's confidence grow as they have become more familiar with the methods that we have practised. More recently, we have been learning about time. The children have compared both analogue and digital clocks. Over the last couple of weeks, we have revisited money. The children have been able to apply their prior knowledge to reasoning and problem-solving questions.

In English at the start of the term, we looked at a poem called 'The Otter' and discussed the metaphors, imagery and rhyme that has been created in the shape poem. The children then created their own shape poems for an animal of their choice. More recently, we have used the video 'The Alchemists letter' to discuss pathetic fallacy, metaphors and emotive language. The children have then written letters from the point of view of the characters and created a narrative about changes in the narrator's perspective.

Within Clarborough Curriculum this term, Year 5 have been developing their field work skills. We looked at Clarborough on an international, national, regional and local scale. After that, we discussed the needs of the people that live in Clarborough and what facilities are available. During our visit around the village, the children gathered evidence for how Clarborough meets the needs of the people that live there. Since then, Year 5 have analysed and reported on their findings.

In Science, Year 5 have been learning about changes of materials. We investigated both reversible and irreversible changes. In addition, Year 5 explored the effect of different liquids of the rusting of metal.

Within Art, we have used a variety of medias to create self-portraits. The children then designed and created a self-portrait using their favourite methods.

Within Computing we have been programming using Minecraft education and in French we have been learning to present ourselves. The children are able to converse about how they are, their name and their age

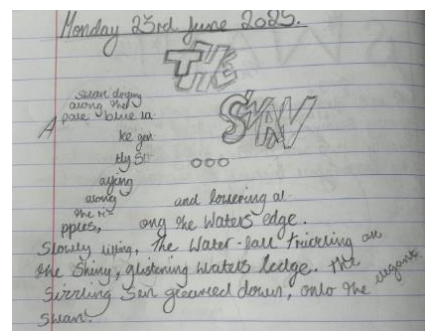

## Year 6 Leavers and Leavers Activities

In Maths, the children have been learning about financial literacy including how to budget using profit and loss accounts as well as the meaning of risks and investments. They have used their skills to cost ingredients for their 'Year 6 Bake off'.

In English, they wrote their final narrative pieces based on the Literacy Shed film *Alma*. The narratives they produced were phenomenal and really showcased how hard they have worked throughout this year.

Furthermore, they wrote shape poems based on the book *Apes to Zebras*. They chose their favourite animal, analysed their behaviours and features and then using their poetry knowledge created wonderful animal shaped poems.

## Year 6 Leavers Church Service

Towards the beginning of July, the Year 6 children walked to Clarborough Church for a very special leavers service. The children learnt two new songs, learnt to count in German and decorated a rock which will stay in church as part of their legacy.

The church kindly donated The Gospel of Mark from the international Children's Bible, to each child for them to take away. Thank you to Reverend Mark and the Church for their hospitality.

## Year 6 Leavers Performance – 'School of Pop'

Wow! What an amazing performance from our Year 6 group! This year the performance was titled 'School of Pop'. They all worked so, so hard to make the show a success. There were plenty of catchy songs, glamour, wit, humour and some heartfelt lyrics. There were some

truly amazing solos and by the end I don't think there was a dry eye in the house. We are so proud of you Year 6, all the hard work definitely paid off! Thank you and to all the staff who made it happen.

## Year 6 Activities week

After a year of hard work, SATS preparation and exams, transition days to secondary schools and practising for their leavers production, Year 6 deserved a well-earned break from learning. They spent the last few days of term having fun with water fights, inflatables, games, movies and a pizza lunch for their last day. They spent time together as friends having fun and creating special memories to treasure forever.

## Year 6 Awards

At the end of the year we give out awards to our Year 6 pupils, celebrating their achievements throughout the year. This year the awards were as follows:

Perseverance Award – Mazey  
Inquisitive Mind Award – Leo  
Excellence in Mathematics Award – Ben  
Improvement in Mathematics Award – Maisie-Lou  
Excellence in English – Alyssa  
Improvement in English Award - Austin  
Confidence in Class Award – Faith  
Positive Attitude Award - Elsie  
Excellence in Art & Design Award – Isabella  
Outstanding Sports Person Award – Sebastian  
Positive Participation in Sports Award – Isla O  
Positive Participation in Sports Award – Luca  
Outstanding Attitude to Learning Award – Rion  
Positive Attitude Award – Paige  
Resilience Award – Maia  
Performing Arts Award - Lydia  
Avid Reader Award – Oliver  
Outstanding Friendship Award – Isla H  
Eco Warrior Award – Amelia  
The Most Dramatic Person Award – Casey  
Most Talkative Award – James  
Outstanding Laptop Monitor Award – Rowan  
Outstanding Use of Technology Award – Ryker  
Head Boy Award – Henry  
Head Girl Award - Bess

Our two most prestigious awards being given out; The Jonathan Webster Award for being an outstanding sportsperson, in loving memory of Jonathan Webster awarded to Zach Bown and the Zain Beeharry Award for model student, in loving memory of Zain Beeharry awarded to William Levett

To all our Year 6 Pupils: You are all amazing! Continue to shine in everything that you do and whatever comes your way in the future just remember to be the best you can be! You will all be missed.

### Dates for your Diary....

**Monday 28<sup>th</sup> July to Tuesday 2<sup>nd</sup> September – Summer Holidays**

**Wednesday 3<sup>rd</sup> September** – Pupils Return to School – Start of Autumn Term 1 2025/2026

**Friday 5<sup>th</sup> September** – Pop up Uniform Shop

**A full version of 'Dates for Your Diary' will be sent out towards the beginning of term once we have finalised some more dates.**

**Have a great Summer!**

Breakfast club and wraparound care need to be booked in and paid for at least one week in advance on Parentmail. Breakfast is served daily until 8:20 am. If you have any questions or queries relating to Breakfast club, Wraparound and lunches please email Mrs Hardie on [office@clarborough.notts.sch.uk](mailto:office@clarborough.notts.sch.uk)

Nottinghamshire County Council use CCTV cars to enforce parking outside of schools. They visit schools in Nottinghamshire and will record whilst passing, the details of any cars parked illegally.

If vehicles are parked in contravention the registered keepers will receive a Penalty Charge Notice.

These restrictions are in place to provide a safe area outside of the school where the children will gather or cross the road therefore, we ask for your help in keeping this area free of parked vehicles. The school can request enforcement from the car if there are any concerns regarding parking.

## Important Information Regarding School Lunches in September

As many of you are aware, the way we are providing our school lunches will be changing in September. From September, we will be changing our school meal provider from NCC Catering to Ideal School Meals. This means that we will no longer be using the Parentmail App to book and pay for school lunches. The whole process will be managed by Ideal School Meals.

Please refer to the recent Parentmail we have sent out to get registered with our new catering provider and book your child's lunches in over the summer holidays. The new lunch menus will be uploaded on your account towards the end of July.

Please note this applies to ALL children in school, Nursery to Year 6 children.
